SCHOOL PROGRESS

All Students

Part A: Academic Growth

Credit awarded for students who improve performance year over year as measured by STAAR progress measures and performance levels on STAAR reading and mathematics.

Part B: Relative Performance

Credit awarded based on performance relative to similar districts or campuses.

Domain Score

The School Progress domain score is the better of Part A: Academic Growth or Part B: Relative Performance.

CLOSING THE GAPS

All Students and Disaggregated Student Groups

Student performance disaggregated by the following:

- All students • Current and monitored English learners
- Race/ethnicity • Economically disadvantaged status
- Current special education • Continuously enrolled
- Former special education • Non-continuously enrolled

Components

- Academic Achievement
- Federal Graduation or Growth Status
- English Language Proficiency
- School Quality or Student Success

Domain Score

Credit is awarded based on weighted performance of student groups against annual targets.

The Closing the Gaps domain score is based on the four components weighted according to district or campus type.

Better of either **Student Achievement** or **School Progress** domain = **70%** of overall rating

30% of overall rating

DISTINCTION DESIGNATIONS are awarded to campuses in ELA/reading, mathematics, science, social studies, Academic Growth, and Closing the Gaps. Distinction designations are awarded to campuses and districts in Postsecondary Readiness. Districts and campuses must be rated A, B, C, or D overall to be eligible for distinctions.

***STAAR results from EL students in their first year in U.S. schools are excluded from accountability calculations. STAAR results from EL students in their second year in U.S. schools are included via the EL performance measure. STAAR Alternate 2 results are included without regard to number of years in U.S. schools. For more information, see the 2019 Accountability Manual.**
